The previous morning show host was terminated on April 7, 2011.

A full recruitment campaign for the WKXA morning show host was not done due to a candidate approached station management regarding possible employment with the Company. This candidate was local and possessed all the skills and experience needed for the morning show position. Station management felt a recruitment campaign would not generate a more qualified morning show host candidate. Also, due to the competitive nature of the position, full disclosure could not be made and timing was critical.

The applicant was hired and his first date of employment was April 18, 2011.
